Classification of Living Things

DOMAIN	Archaea	Bacteria	Eukarya
	Prokaryotic	Prokaryotic	Eukaryotic
Characteristics	Single celled	Single celled	Single celled or multicelled
	Chemically	Autotrophic or	
	different than bacteria	Heterotrophic	Autotrophic or Heterotrophic
		"regular"	-
	Lives in extreme conditions	bacteria	All other living things

Domain: EUKARYA

KINGDOM	PROTISTA	FUNGI	PLANTAE	ANIMALIA
Cells	Mostly single- celled	Mostly Multi- celled	Multi-celled	Multi-celled
Nutrition	Producers or consumers	Consumers (absorb)	Producers	Consumers (ingest)
Movement	Some move/ some don't	Don't move	Don't move	Move
Reproduction	Mostly asexual reproduction	Mostly asexual reproduction w/spores	Mostly sexual reproduction	Sexual reproduction
